

**Unlock Your Possibilities**

Team up with TransFirst® for secure, innovative payment processing technologies.

ClinicTracker is now integrated with TransFirst's payment processing solution to help you and your staff work more efficiently, accurately, and cost-effectively.

Payment processing with TransFirst lets you spend your valuable time focusing on what's most important - your clients.

Speed up check-in, reduce errors, and improve your record keeping with ClinicTracker's integrated credit card processing.

**TransFirst Integration with ClinicTracker offers you:**

- Automatic posting for in-office payments directly to patient accounts in BillingTracker.
- Ability to accept web-based payments through the Patient Portal for cardholder convenience.
- Faster check-in processing
- Integrated daily reporting will enhance record keeping accuracy
- Industry-leading security and PCI solutions

First In Secure Electronic Payments
