

You can access the Diagnosis Assignment form from the Patient Dashboard, Patient Contact record, Treatment Plan, and various Paperwork items. For this example, we'll enter a diagnosis via the Patient Dashboard.

1. Click **Create**
2. System will prompt to load latest diagnosis
 - a) **No:** Continue without loading prior data.
 - b) **Yes:** The system will load any pre-existing diagnostic information (whether DSM-IV or DSM-5). Click **OK** to continue.

2.b.

3. Enter identifying information

a) **Assigning Staff**

b) **Date Recorded**

c) **Effective Date(s)**

4. Enter comments

5. Modify or Delete migrated diagnoses
the system loaded for you

6. Click + button to add an additional
diagnosis

The screenshot shows a software window titled "Diagnosis Assignment: Create New Assignment". The window contains several input fields and a table. Red boxes and arrows with numbers 3 through 6 highlight specific areas:

- 3**: A red box highlights the "Assigning Staff" dropdown menu, the "Date Recorded" dropdown (set to 3/2/2002), and the "Effective Dates" dropdown (set to 3/2/2002 to 11/27/2013).
- 4**: A red box highlights the "Additional Comments (Including Rationale for Change)" text area.
- 5**: A red box highlights the table containing one row of data: "Antisocial Personality Disorder" with ICD9 code 301.7, ICD10 code F60.2, and "Provisional?" set to "No".
- 6**: A red box highlights the control buttons on the right side of the table: a "+" button, a magnifying glass icon, and an "X" button.

At the bottom of the window, there are three buttons: "Save", "Save & Close", and "Close".

Description	ICD9	ICD10	Provisional?	Coding Note
Antisocial Personality Disorder	301.7	F60.2	No	

7. Enter search criteria
8. Press **Search**
9. In the results list, select a diagnosis
10. Enter Additional Coding Information
11. Select Specifier
12. Click **Select** to add diagnosis information to Diagnosis Assignment

The screenshot shows the DSM 5 Guide application window. At the top, there is a search bar (7) with a 'Search' button (8) and checkboxes for 'Global Category', 'Subcategory', and 'Diagnosis'. Below the search bar is a 'Global Category' dropdown menu. The main area is a table of search results with columns for 'Global Category', 'Diagnosis', 'ICD9', and 'ICD10'. A row for 'Autism Spectrum Disorder' is highlighted in blue (9). Below the table are two panels: 'Additional Coding Information' (10) with fields for 'Coding Note', 'Additional Comments', and a 'Provisional' checkbox; and a 'Severity' panel (11) with a table of severity levels and a 'Specifier Coding Note' field. At the bottom center is a 'Select' button (12). The status bar at the bottom left indicates '734 Results Displayed'.
