

We Hold Your Hand Through Meaningful Use, So You Can Hold Hers.

Get Back to What Matters Most

Meaningful Use implementation, documentation and reporting can distract from patient care. AttestEasySM is the smart way to relieve staff of the workflow burdens of attestation and successfully achieve Meaningful Use.

AttestEasy Consulting

AttestEasy guides providers and office administrators through the actions necessary to qualify for Meaningful Use with the Center for Medicare and Medicaid Services. Our consultants help you navigate Meaningful Use regardless of which EHR you use – we have helped practices attest on all of the industry's leading EHR platforms, including Allscripts, Practice Fusion, eClinicalWorks, and many more.

AttestEasy will Help You:

- Ensure staff fully understand CMS requirements
- Effectively use your EHR to meet Meaningful Use
- Minimize impact on your practice workflow
- Be confident in your Meaningful Use reporting

We're With You Every Step of the Way

In 12 one-on-one sessions, your AttestEasy consultant will walk you through each step of the Meaningful Use process. The program is tailored to fit your unique situation and includes:

- Meaningful Use Education
- Workflow Optimization
- Attestation Assistance
- Risk Analysis
- Audit Support
- Stage 2 Guidance

Most importantly, your AttestEasy consultant will hold your hand throughout attestation submission – guiding you through the steps required as you attest for each provider in your practice.

Your Success is Our Success

We're proud that 97% of providers who have used AttestEasy have successfully achieved Meaningful Use. Contact us today for a free consultation or to request an educational webinar for your practice.
